

Integrity + Quality + Clarity

Aged Care Financial Performance Survey

Participant Kit 2021

STEWARTBROWN AGED CARE FINANCIAL PERFORMANCE SURVEY PARTICIPANT'S KIT

Thank you for agreeing to participate in the StewartBrown Aged Care Financial Performance Survey. To assist you in fulfilling your responsibilities as a participant in this survey, we have prepared this Participant's Kit.

The kit contains the following resources:

- Contact details
- Survey timetable
- Line item definitions and pro-forma data entry forms

Validity of data provided by participants

The integrity of the survey and its results relies upon the integrity of the data provided by participants in the survey as well as the data cleansing procedures undertaken by StewartBrown. It is imperative that all participants take great care to ensure that data is provided in the format required and that income and expense allocations are in line with the line item definitions provided in this kit. If participants are not sure about a particular line item definition or where a particular item of income and expense should be allocated then they should contact us for clarification.

It is also important for participants to inform us if there is a change in circumstances surrounding the operations of a facility. This would include things such as additional places being added, beds being shut down for refurbishment or co-located facilities being amalgamated. Any of these circumstances or others like it that significantly affect the results of the operations should be communicated to us when you send the data. This will assist us to understand the data and why these changes are occurring. In certain circumstances we may decide to exclude the data from the survey for a period, though you would still receive a report on the facility with comparisons to survey data.

Data collection

It is important to the survey process that feedback is given to participants on a timely fashion. Our aim is to provide a one month turnaround of the data. That is, we will process the data and report on it within a month of the deadline for submission. Delays will occur however if the submission of data is delayed. If it appears likely that the deadline for data submission cannot be met please contact us so that we can make necessary arrangements for the timely delivery of the information.

Training and assistance

We would be pleased to provide assistance to the staff completing the data collection forms to make this task as painless as possible. This might involve a site visit or telephone conference to review the line item definitions and how your current chart of accounts should be mapped to the data collection forms. Please contact us if you wish to receive this assistance.

Continuous improvement

StewartBrown is committed to the continuous improvement of this survey service. To this end we would be pleased to receive any suggestions for improvements to the process and the reports provided. We would also be pleased to receive suggestions for special survey topics.

STEWARTBROWN AGED CARE FINANCIAL PERFORMANCE SURVEY PARTICIPANT'S KIT

Privacy and Confidentiality

We are committed to ensuring that all information provided to us by participants is kept totally private. Participants also have a role in ensuring that the information received by them in the form of a report is also kept confidential. To this end we have reproduced the privacy and confidentiality provisions contained in the terms and conditions of participating in the survey.

Privacy Policy

StewartBrown will be collecting financial data from organisations with the purpose of providing benchmarks and other summary reports to participants and industry bodies. We will not be collecting personal information, but rather corporate data and as such we are not bound by the National Privacy Principles or the Privacy Act 1998. We will however still be abiding by these National Privacy Principles with respect to the data and other information collected, as we are committed to ensuring the highest level of privacy over the information collected. In accordance with these principles:

- (a) No report received by a participant will identify other participants by name. In general all comparative information will be in aggregate format, that is, it will be an average of a number of other participating organisations.
- (b) Any information provided to third parties such as industry groups will only be in aggregate format and can only be used for the purpose of policy development or lobbying Government agencies.
- (c) Only data and other information necessary to produce the survey will be collected from participants
- (d) All information collected will be stored in a secure manner
- (e) Where information is shared between participating organisations as a result of contact being facilitated by StewartBrown, such sharing will be done on the understanding that the terms and conditions relating to Privacy and confidentiality are adhered to by the parties involved.

Confidentiality of Information

StewartBrown and all participants will abide by the following with respect to confidentiality of information collected or produced as part of the survey:

- (a) For training and marketing purposes, StewartBrown has the right to publish data resulting from the survey as examples of the benchmarking process however such examples will not identify any of the participating organisations.
- (b) All data and material provided by participants shall be kept confidential by StewartBrown at all times.
- (c) Any material provided to third parties such as industry groups under contract to any such group will not identify any individual participant.
- (d) Any report or material provided to participants as part of the survey process will be kept confidential by the participant.
- (e) Where StewartBrown facilitates contact between participants to discuss the survey results, such discussions and any information shared between participants will be kept confidential by the participants.

Copyright Issues

Unauthorised copying of any material or report produced by StewartBrown as part of the survey process is not permitted. Copying and distribution of such material will only be permitted after receiving the express written permission of StewartBrown.

The materials and reports deemed to be included in the survey process include, but are not limited to:

- Registration Kit
- Participant's Kit
- Training material
- Promotional material
- Line item definitions
- Quarterly or special reports
- Data collection forms

Participants can copy the quarterly or special reports for internal distribution to management and Directors as long as the recipients are made aware of the privacy, confidentiality and copyright provisions of these terms and conditions and they agree to abide by them.

General

Once again we thank participants for their support in this process. Please contact us if you have any questions about the process or anything that might be contained in this kit.

STEWARTBROWN AGED CARE FINANCIAL PERFORMANCE SURVEY PARTICIPANT'S KIT

Survey Timetable

Quarter	Deadline for data submission	Due date for individual benchmark report distribution	Due date for analysis report distribution
September	6 November	10 December	20 December
December	31 January	28 February	20 March
March	30 April	31 May	20 June
June	20 August	30 September	20 October

Note: There are a number of reasons for the delay of the June survey results:

- We try and ensure that the data used for the full year survey is based on audited accounts if it is available. This helps to ensure a higher level of data integrity
- Due to year end pressures on finance departments, experience has told us that the submission of data is delayed as a result
- We want to include as many facilities as possible in the full year survey. During the year fewer facilities participate in each survey as we cut-off data collection at an earlier date. A number of participants send in data later however this data is not included in the database. For the June survey we endeavor to facilitate the inclusion of these late submitters.

We understand that this extension of time is a compromise between ensuring maximum participation, data integrity and timely reporting, however we feel that the correct balance has been reached. Any feedback on this would be appreciated.

It is critical that deadlines be adhered to by all participants to allow for the timely entering of data and distribution of reports. If any organisation finds that they cannot meet these deadlines please let us know as soon as possible.

STEWARTBROWN AGED CARE FINANCIAL PERFORMANCE SURVEY

Appendix A

Government supplements and subsidies to be included under - Care Government Subsidies

Care Related Subsidy:

- ACFI care subsidy (ADL, BEH, CHC)
- Daily RCS subsidy for grand parented residents
- Interim care subsidy rate for new residents with ACAT approval awaiting an application for classification
- Daily respite subsidy
- Transitional aged care place subsidy
- Short term restorative aged care place subsidy
- Conditional adjusted payments
- Income tested subsidy reduction amount (Reduces ACFI Residents pay the offset under means-tested care fees)
- Means tested subsidy reduction amount (Reduces ACFI Residents pay the offset under means-tested care fees)
- Extra service subsidy reductions

Care Related Supplements:

- Oxygen supplement
- Enteral feeding supplement
- Adjusted subsidy reduction supplement
- Viability supplements
- Veterans supplement
- Homeless supplement
- Workforce supplement
- Clean energy supplement
- Basic Daily Fee supplement
- Hardship supplement (If hardship supplement is for assistance for accommodation fees then please place into accommodation supplements line)
- Respite incentive supplement
- Transitional supplement
- Resident contribution top up supplement

STEWARTBROWN AGED CARE FINANCIAL PERFORMANCE SURVEY

Government supplements to be included under - Government Accommodation supplements

Accommodation Government Supplements inclusions:

- Concessional/ Assisted residents supplement
- Accommodation supplement
- Accommodation charge top up supplement
- Pensioner supplement
- Ex hostel supplement
- Charge exempt supplement
- Hardship accommodation supplement
- Transitional accommodation supplement
- Means tested accommodation supplement

• Accommodation contribution refund - (Department review assesses partially supported residents are owed a refund for their contribution towards their daily accommodation payments. The provider receives this refund and then repays the residents. Technically this should be an in and out transaction with a nil impact, assuming no timing differences)
